EXPERIENCE

NuCamp Coding Bootcamp, NYC — *Full Stack Path*

May 2022 - October 2022

Learned JavaScript, React.js and MERN stack. Mainly self-taught myself on my free time during the time in this bootcamp

United States Navy, New Jersey — *Hospital Corpsman*

May 2022 - October 2022

Trained in life saving Techniques. Observed, recorded and reported patients condition or injury and treatment provided. Maintained health records for Navy and Marine Corps personnel

PROJECTS

Ecommerce Website — *React.js*

<https://jocular-meerkat-e5a68b.netlify.app/>

Created front end e-commerce website using React.js and included add to cart, remove from cart, sort items by price and rating.

Chat App — *React.js, Firebase*, <https://chat-for-portf.web.app/>

Implemented Google Sign-in Authentication to display user name and profile picture. Stored user messages in firebase. Implemented functionality to allow users to create a new chat room.

Chess game app — *Chess.js, React.js, Firebase*

<https://pwr-chess-september.web.app/>

Used npm package chess.js to create a chess board with fully functioning chess moves. Implemented a reset chess board feature, saved user moves history in firebase. Multiplayer function was created and users were able to rewind and forward a move.

EDUCATION

NuCamp Coding Bootcamp, NYC — *Full Stack Software Engineer*

May 2022 - October 2022

Learned JavaScript, React.js and MERN stack. Mainly self-taught though.

SKILLS

JavaScript.

React.js

Firebase

Mongoose

Express

Node.js
